**Subject:** RE: Number of Students PCH

Hi Paige –

On your first question, yes – the \$171 you see on the slide includes the Y/Health & Wellness facility - \$94.25 and \$77 is related to Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. On your handout from Monday, the latter costs are part of the Student Services Fee (total \$393.41). The numbers in the graph from WSU are quoted based on the headcount model, tier 1 full-time student charges.

Currently, students pay by credit hour for Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. The credit hour charge for those portions of the Student Services budget in the current year is \$6.27 per credit hour or \$94.05 for a 15 hour student. So, going to the headcount model decreases this to \$77.

On the last question, I can assure you that waivers for students aren't going away because of the innovation campus. IF there has been a change on fee waivers, it is not connected to Innovation. I'm going to follow-up with some of my colleagues to see if there has been a change, and will get back with you.

David

**Email to students, plus additional question**

My email for students is ready to be sent as soon as we find out when the Y will be sending their email to students.

Also, there's a question about what will happen for students who work at the Y and therefore have a free membership. Will those students also have to pay for the membership they already get for free?

Thanks!

### Emails to students

Hope everyone is having a good Friday! I'm wondering if the emails from the Y have been sent to students? Can we have a copy of the text in the various types of emails being sent? We're getting questions on social media (as well as the students in our office) and want to be able to answer accordingly. Thanks!

**stock images of students in WSU gear**

Hey team! The Y is asking: Do you also have any stock images of students in WSU gear I can have access to for use in some of our pieces?

Help me answer this with your suggestions...

Post your suggestions and we can make sure we have the rights to allow for YMCA's usage for the images.

Thanks!

### **Sunrise Yoga with the Y!**

Sunrise Yoga with the Y!

Tuesday, August 29

7 a.m. | RSC East Patio

Sunrise Yoga with the Y!

Thursday, August 30

7 a.m. | RSC East Patio

### **Ways to market and promote to students/staff on campus**

Create color posters and post/distribute on campus (poster list attached)

Email Newsletters should include descriptions with time, date, place and contact information for questions. Please include a horizontal image 1280 px x 720 px

- Submit student announcements through Shocker Blast (email to [shockerblast@wichita.edu](mailto:shockerblast@wichita.edu))
- Submit staff announcements through Strategic Communications (email [wsutoday@wichita.edu](mailto:wsutoday@wichita.edu))

Submit Digital Signage request for on campus monitors

Digital request submission guide is attached

Submit events to the WSU Master Event Calendar

<http://www.wichita.edu/thisis/calendar/events.asp>

I am able to add the event to our [www.wichita.edu/welcomefest](http://www.wichita.edu/welcomefest) event page, I will need a description of the event before I can post it.

### **Y membership check in**

Morning!

I wanted to check on the following tasks outlined at our first July meeting. I know several have been in touch directly with Shelly Conrady and Jennifer Keen so if we can knowledge share here- that will help us all stay on track!

Mo to promote at enrollment- Mo needs fee payment explanation

**Amy: DONE: Fee payment explanation has been provided by Lois/Stacia- see Basecamp discussion.**

WSU TV specs provided to the Y

**Amy: DONE: See Basecamp discussion**

**WSUBanners to Y for August 21s- will go in all 12 Y facilities**

**Amy: Delivery of Banners being coordinated through Physical Plant**

Y Posters, flyer,

**Amy: DONE- campus printing info provided to Shelly Conrady**

Morning of Aug 21st all students can go to Y

**Lainie: How will this be communicated by WSU?**

WSU needs to communicate log-in info, what Y has to offer, value added

**Mo: Please provide update.**

Events discussed with the Shelly and Jennifer:

Welcomfest:

**Tia: please discuss if Y plans to participate?**

Back to school bash:

Discussed the idea that the Y host a mixer at the Back to school bash

Saturday 8/19

Jennifer is the Y contact

**Tia- please discuss if Y plans to participate?**

Shocker resource fair:

**Tia- please discuss if the Y plans to participate?**

Y could do Sunrise Yoga- Tia would need to know when/where to have equipment

**Tia- please discuss if the Y plans to participate?**

Table in RSC

**John- please discuss if the Y plans to participate?**

Mini Health Fair on campus-

**Mo- please discuss if the Y plans to participate?**

Y should start liking WSU wellness

**Mo- does the Y have what they need from you to do this?**

Short video clips 2-3 minutes for snapchat or twitter

**Team: Please share your plan if you are planning to shoot video**

Mo will coordinate the push out to freshmen- by direct email with personal touch so it will be opened

**Mo please provide status**

Student govt. will push out what is going on with Y.

**Tim, Paige, Breck please provide your plan**

Wellness pages will have an icon that will go to the Y webpage

**Mo please provide status**

OneStop has a call service that goes out to students- one could be a Wellness campaign including the Y

**Mo please provide status**

RSC tabling to cross promote Heskett and Y activities to help get across partnership

**John please provide status**

Lainie to look into: Activating memberships-If someone is not eligible for the membership (those who haven't paid fees) we need that provided to the Y.

**Lainie please provide status**

Media Release- August 17 that covers starting Monday all WSU students have access to the Y.

**Lainie please provide status**

Y to provide Maria with flyers for residence hall

**Maria please provide status**

**EVERYONE:**

**Have additional info to share? Please add it to this basecamp project.**

**Thank you!**

## **YMCA Events**

Update about YMCA and Events

Events discussed with the Shelly and Jennifer:

Welcomfest:

**Tia: please discuss if Y plans to participate?**

*Done: Kelly and Jennifer received list and discussed with staff*

Back to school bash:

Discussed the idea that the Y host a mixer at the Back to school bash

Saturday 8/19

Jennifer is the Y contact

**Tia- please discuss if Y plans to participate?**

*Done: The YMCA will participate, in a current unknown capacity, in B2SB*

Shocker resource fair:

**Tia- please discuss if the Y plans to participate?**

*Done: YMCA will participate in Shocker Resource Fair*

Y could do Sunrise Yoga- Tia would need to know when/where to have equipment

**Tia- please discuss if the Y plans to participate?**

*In progress: Staff member who will be coordinating any activities including presence at all previously mentioned events is out of town until Aug. 9.*

Good-evening,

I have attached the agenda, and bills for this Wednesday's senate. Paige and I just finished up our meeting with the administration regarding student fees and the health and wellness center. We are compiling our information from that meeting and will be sending that out to you tomorrow morning, along with the health and wellness facility/Y resolution. If you have any questions please reach out, thank you!

**From:** [SGA President](#)  
**To:** [Hall, Teri](#); [Loosle, Nancy](#)  
**Subject:** Black Student Union Meeting  
**Date:** Wednesday, October 4, 2017 10:38:00 AM

---

Teri and Nancy,

Here were some thoughts that were gathered last night at our meeting. There are also some questions I did not have answers to..

1. Under \$700 and in line with 2909 and 17<sup>th</sup> St apartments is reasonable for new Flats.
2. Can you buy a meal plan and not live on campus?
3. How are vendors approved and put on the list for organizations to be able to use?
4. Where are we at with the food policy?
5. Student Affairs Advisory Board cannot just become a group that minorities just rant and nothing changes from what they say.
6. There needs to be more recruitment efforts for black students and not just target KC Kauffman scholars.

Ad Astra Per Aspera,

Paige E. Hungate

Here is the google form. Let me know thoughts: <https://goo.gl/forms/dknIOC0Zxv3EO57s2>

- Working with UPD on an initiative to equip them all with body cameras
- Working to get cameras placed in the underground parking garage at the Flats
- Creating a more sustainable, larger space for the new Shocker Support Locker (formerly Shocker Food Locker)
- Met with campus police as a cabinet to understand what the new gun policy means
- Meeting with campus police as a senate this upcoming Friday to understand what the new gun policy means
- Proposing a new policy for Wichita State Student Government Association's cabinet and chair level positions to have required diversity trainings completed within 40 days of appointment
  - Cabinet has completed Safe Zone, Microaggressions, Diversity in the Workplace, Gender Diversity, Mental Health First Aid, and Greenzone trainings
- Senators will be given office hour credit for completing any of the above trainings
- Improving Inspire program to extend our efforts to not only the Wichita community, but also the communities that are linked to Wichita State through the I-35 corridor extension (KC, OKC, Dallas)
- Working on improvements to transgender access to facilities on campus

To clarify, the Wichita State University Student Publications Board does not and cannot involve itself with content or coverage decisions of The Sunflower. The Sunflower is an independent, student-operated media outlet. The Board supports the First Amendment rights of the students, their duty to be the voice of the student body and a watchdog, and the work the Sunflower journalists do to keep the campus informed of newsworthy items of interest. The role of the Board is not one of adviser or publisher.

**To:** [Schlapp, Andrew](#)  
**Subject:** Fairmount Questions  
**Date:** Thursday, July 13, 2017 12:40:00 PM

---

Andy,

After my meeting with the cabinet yesterday, we have a few extra questions. Let me know if you want to just talk over the phone about them.

1. Why is moving out of Fairmount a good decision when it gets students onto campus when then we have to encourage students to live off campus for low cost options?
2. How many First Gen/Low Income students have pell grant status? Will this negatively affect all of those students who are not pell grant status?
3. With the switch to the Flats, does that mean people who are community members and not students can live in there still?
4. Does paying off the debt on Fairmount free up more capital to build more buildings with bond money? Are Brennen and Wheatshock Apartments' debts being paid off too by the Board of Trustees?
5. What are the demographics of Fairmount? Are we pricing out our international student population when next year rolls around and the cost goes to normal?
6. Do the Flats residents have the option to take part in the meal plan somewhere? What is the cost there?
7. Can they stay in the summertime?
8. Have we done any research on who we can make an affiliated off-campus housing partner? (Possibly the apartments by the international student office)
9. Can these students go back there in 2018 and not be priced out?

Thanks so much!

Scott,

Just curious – is it required for students living in the Flats to get a meal plan next year, or is that still being worked on?

Andy,

I got a question today during my Engage with Paige that was: "Why didn't they move shocker hall residents to the flats first before fairmount residents?"

Could I get an answer to that? I just did not have anything clear to respond to that with. Thanks!

Teri,

Just a couple thoughts... When I met with Dr. Bardo, he mentioned how we should be inviting more students from outside the Wichita area. They are more likely the ones using the housing and should be included in conversations. Also, can we make sure to invite housing to these meetings? And last thing, did we figure out about parking and how it will work for the Flats? Thanks so much. See you tonight!!! 😊

**Subject:** RE: CDC vs. Drop in Daycare

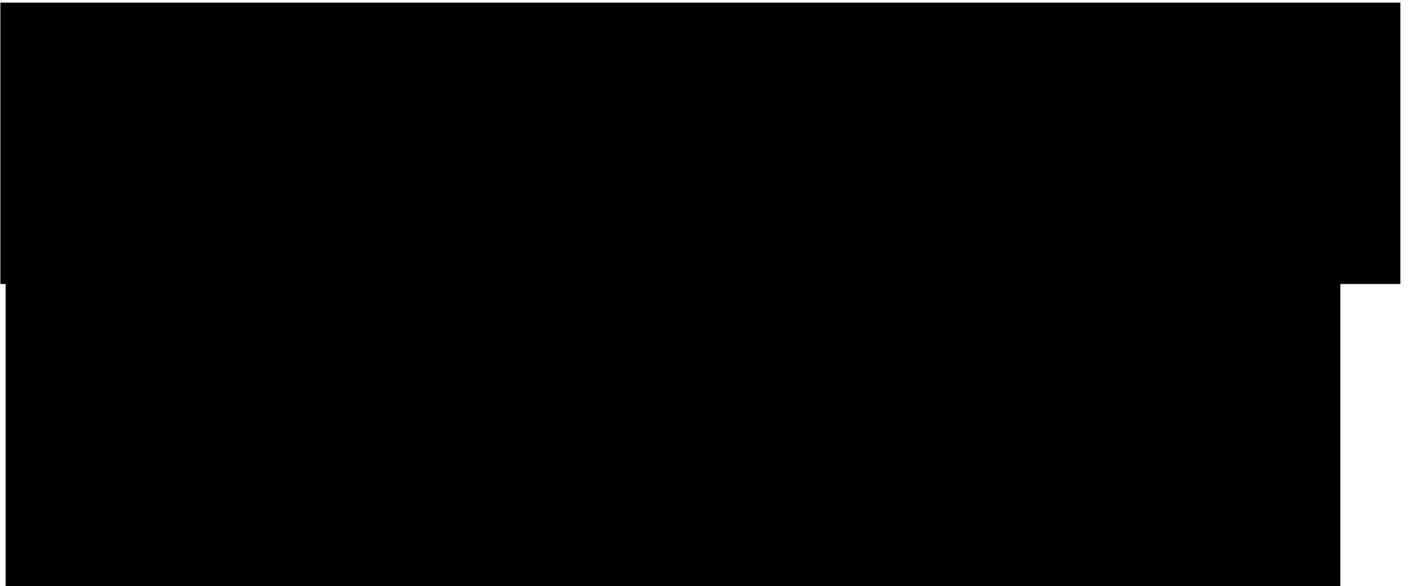

Paige,

I'm looping in Jillian Hoefer, Director of CDC as well. The drop in childcare that is being proposed with the Y would be for several hours at a time and would not be full day childcare. The CDC's children come daily and have a comprehensive educational program based on their developmental needs. While drop in childcare will be developmentally appropriate, it will not necessarily be educationally focused in nature. The licenses required for full time daycare and drop in or part time child care are different. The drop in childcare would not provide meals and would be used as a solution for need to have a child watched in instances such as for taking a test, going to class when one's regular childcare provider was not available, attending a career fair, working out in the facility, going to a counseling appointment... It would not be a substitute for regular childcare. How fees would work would need to be determined with the Y. Options to be discussed and determined could be a pay as you go fee, purchasing a "punch card"... This is also different from the drop in childcare provided at other Y's where parents can drop off children for short periods of time while they work out in the facility. The type of license required to have parents leave the facility is different.

Jill feel free to add or correct anything I've said.

**Subject:** Dining Services Advisory Committee

Hello Nancy,

With a new dining partner on campus in Chartwells and the opportunity for new relationships, my colleagues and I in HRL are interested in putting together a committee of students and campus partners to meet regularly with Chartwells and share feedback, ideas, etc. I spoke with

Matt Prey today and he is very much on board for something like this happening. After talking with Matt, we would imagine at least to start with, 12-15 influential students and staff from around campus meeting monthly. I'm happy to do the coordination of putting this group together, tentatively called the Dining Services Advisory Committee. Scott recommended I reach out to you for assistance in identifying parties to join this committee. So far I would hope to involve the following:

- Matt Prey
- Additional Chartwells representative
- Me
- Additional HRL Professional Staff Member
- 1 Resident Assistant or PAL
- Representative from Shocker Hall Activities Council (SHAC)
- Representative from Flats Activities Board (FAB)
- Representative from Student Government

I would also imagine some students and professional staff members from various areas within the RSC, but I'm not sure who/which groups would make the most sense. Do you have any recommendations you could share with me? Thank you very much in advance for your assistance!

Mo, and all,

Friday's conversation is to get us started on developing an overall communications plan of how Student Affairs, Strategic Communications and the Y will work together to roll out the immediate Y membership benefits and longer-term benefits of the Y, Wellness Center and Heskett/Campus Recreation working together to create a healthier campus.

Some starter issues Shelly Conrady mentioned:

What communications avenues are available?

Who is developing the FAQs? Who will field questions?

What internal communications/marketing effort will we pursue?

What are expecting from the Y?

Both WSU and the Y wants this to launch without a hitch.

Thanks,

Lou

Lou,

It occurred to me to ask since I've not heard any updates about meetings with the Y – what exactly are we marketing? Is it just basic info about memberships or are there more specifics that they want the word spread on? Partly just want to make sure people in the room from WSU aren't surprised with any info they hadn't heard yet that would derail the meeting. Thanks,

Mo

Hello All,

As a response to this unprecedented, unfounded, and inappropriate request to alter The Sunflower's coverage by the vice president of strategic communications, I would please request such opinion-based complaints be submitted to The Sunflower directly. On our website, [www.thesunflower.com](http://www.thesunflower.com), under the heading "Letters to the Editor." We accept perspectives from across the university community, and our readers would love to hear your voice.

Please find attached a full printout of the interview The Sunflower's July 17 article was based upon, after being directed to Dr. Teri Hall by other university sources, including Lou Heldman, who did not return my call from July 14 seeking information for the article. I am under no obligation to provide notes, drafts, or transcripts — now, or in the future — nor do I plan to make a habit of it, but I think it's important to provide clarity to this situation when my credibility has been called into question.

Best,

Chance Swaim

Hello At-Large Senators!

My name is Taben Azad and am a student at Wichita State. I am emailing you all in regards to tonight's vote for the YMCA proposal. I unfortunately do not support the YMCA and wellness fee as a whole. Attached below are a few items that I would like for you to consider when voting tonight. As a constituent, it isn't my job to tell you how to vote, but to ask that you consider my opinion when casting your vote.

### **University of Washington Tacoma:**

1. Students supported a \$180 fee for the creation of a University Y AND a Student Center to house their Student Involvement, Student Activities Board, and their SGA. This is all housed under the single constructed building. The narrative has been that the students supported just the YMCA, but actually it was their version of a YMCA and their version of an RSC.
2. Tacoma's student population of 4,987 also supported the YMCA component because they did not have a full operating campus recreation facility (unlike WSU's Heskett Center).
3. This proposal began in 2008 and took years of student engagement and discussion till it's opening in 2015. Wichita State is asking students to consider this proposal in the matter of weeks.

### **Recent SGA Statement:**

The recent press release from SGA ignores the following:

1. No jobs lost: This comes AFTER the fact that Eric Maki was removed from the University. Let's stop using the University's "resignation" as the verbiage and call it what it is as we all know that the "direction of the University" is forcing out true student advocates such as Eric out of campus when they speak the truth.
2. Services that the Heskett provide will no longer be necessary which ultimately means that

there will be a reduction in jobs inevitably in addition to a decrease in operating hours for the Heskett (being open in the morning, close in the afternoon, and then opening back up in the evening).

3. There were more concerns about prefacing Innovation Campus over Main Campus and not giving more priority to aging buildings on campus (Fine Arts, Health Professions, and etc). When will this be addressed?

### **Student Fee Breakdown:**

This is the most important part. How the student fees are not going to the operating costs, but is profit for the YMCA itself:

1. The total amount of money that student fees is being gathered for is \$2.325 million per year.
2. The operating cost for a 45,000 square foot facility is around \$300,000 per year.
3. That means that nearly 13% of your student fee for the YMCA is actually going to operating expenditures, the other 87% of this is profit for the YMCA. For 50 years, out of the \$116.25 million in student fees generated, nearly \$100 million is profit for the YMCA. Essentially, we're paying the YMCA \$2 million a year.
4. This student fee doesn't cover the additional expense to use childcare services at the YMCA.
5. Keep in mind that Dr. Hall wishes to see SGA have less of an influence on student fee's coming into this next year so that students have less power on controlling the fees that they pay themselves. This will be important to know moving into the summer when her, Provost Vizzini, and Wichita State University President John Bardo consider changes to SGA.

### **Kansas Board of Regents (KBOR):**

It was stated on March 8th, 2017 that without Senate support, the University would not be moving forward with a YMCA or Wellness Center. Dr. Tomblin stated:

"If you do not want it, then I'll mark it off the master plan and we will move on, so absolutely, if you do not want it, then I say we move on."

Dr. Hall a week later, after realizing that students were not in favor of this proposal, quoted the following: "The SGA vote..is more of a recommendation to university president John Bardo than a mandate. The president assembles the annual budget, including proposed fees."

What students don't realize is that although Student Government Association of Wichita State is not a mandate, it will hold a substantial influence at the upcoming KBOR meeting in a few weeks which will ultimately approve or deny the University's request to garner student fees for this building. The Regents will ask President Bardo on whether or not students have been involved in the process, which is why SGA has been used as a checkmark by the PET so many times in years past.

If Dr. Hall is devaluing SGA power, why is this being brought up again if an SGA vote holds no weight? If Dr. Tomblin truly meant what he said back in March, why wait until the 59th Session was out and there was a new administration in support of the proposal? Please feel free to email me with any questions that you might have. Thank you again for your service to the Association!

**Subject:** Housing Questions/Concerns  
**Date:** Tuesday, August 8, 2017 10:40:24 AM

---

Good morning!

I'm sitting here in my pre-session, and one of the students asked me some questions and brought forward concerns about housing. He asked if the Flats residents would be able to use the facilities in Shocker and likewise the Shocker residents could use the Flats stuff. For example, Fairmount residents could use the pool tables in Shocker, and so I wondered if Flats residents could still. Also, can Shocker residents use the pool in the Flats?

Second thing – he mentioned how last year, he knew a few people who ran into issues in the laundry room. There was someone who came in and took out all of the clothes in the machines and stole it all. Would there be any way there could be a security camera installed in these public areas in order to stop this from happening?

Thanks so much for all you do; I look forward to hearing from you!

All,

As discussed in our meeting on Wednesday, I am forwarding the list of questions and considerations considering this project. This list was compiled a number of weeks ago and is a joint effort of SHS, CTC and SGA. Thanks for taking a look and also passing it on to those working on agreements. We are very willing and interested in being involved in this process.

---

Paige and Camille,

Here is the list of questions and considerations I compiled from meetings with Wellness Services departments and listening to SGA meetings. Please let me know what you would add or edit. When I send our agreed upon list, I plan to request they consider finding a way to have WSU and the Y jointly own the building. I know it makes things more complicated but I think that it makes for dynamics that force true partnership. I don't know that I'll be successful but I'm going to try hard.

I'd like to get this to them tomorrow if possible. I know that's tight for Paige since you haven't seen the list before but I am very aware that the train has already moved out of the station in terms of agreement writing and want to make sure the three of us are on it. Let me know if that's not possible and we will figure out plan B.

**Subject:** RE: \$171 Fee

**Importance:** High

Yes. \$94.25 goes only to the \$2.3 million for the Y.

The \$77 fee funds the following, as part of the overall Student Services Fee. The table below shows the current credit hour equivalent...what students pay now.

	Per Credit Hour	Budget
Student Health	\$3.12	\$918,505
Counseling & Testing Cntr	\$0.26	\$78,002
Prevention Services (safe ride)	\$0.27	\$80,000
Sports Clubs	\$0.12	\$34,500
Heskett	\$2.50	\$739,197
Total	\$6.27	\$1,850,204
Total 15 Hours traditional class	\$94.05	Current, decreases to \$77 for full-time student based on headcount model

Anything I can do on the spreadsheet?

**From:** Miller, David

**Subject:** RE: Number of Students PCH

Hi Paige –

On your first question, yes – the \$171 you see on the slide includes the Y/Health & Wellness facility - \$94.25 and \$77 is related to Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. On your handout from Monday, the latter costs are part of the Student Services Fee (total \$393.41). The numbers in the graph from WSU are quoted based on the headcount model, tier 1 full-time student charges.

Currently, students pay by credit hour for Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. The credit hour charge for those portions of the Student Services budget in the current year is \$6.27 per credit hour or \$94.05 for a 15 hour student. So, going to the headcount model decreases this to \$77.

On the last question, I can assure you that waivers for students aren't going away because of the innovation campus. IF there has been a change on fee waivers, it is not connected to Innovation. I'm going to follow-up with some of my colleagues to see if there has been a change, and will get back with you.

**Re: Emails to students**

Direct mail postcards have been sent to the 12K names we had on 8/1. Customized direct mail letters have also gone out to current Y members that appeared on the 8/1 list. These items have arrived in homes, because we are getting calls and emails. Follow up eblasts should get out today. The contents of many of the customized letters and eblasts are operational and membership-specific to our current members, so the content isn't something your staff should be answering questions about. What types of questions are you getting on social media? Perhaps we need to add items to the FAQ that can assist your staff.

**Re: Email to students, plus additional question**

Yes, remember that the fee being assessed is a Wellness fee not just for the Y so even those with a current free membership will pay.

**Re: Emails to students**

I hope this attachment works. Here's the eblast that's getting ready to go to the students who are new YMCA members. Some of this content will be in the customized emails to current Y members with specifics on their membership changes.

NOTE: We have not yet had a chance to pull in all of the new students on the lists we started receiving 8/16 (those that paid fees 8/1- 8/15) to the communications cycle. Once this first cycle of eblasts gets sent, we will work on the 1000ish new names.

**Re: Here are some of the communication pieces from the Y. Please send me any changes or questions. IM...**

We want all current member inquiries to go to the Y because the questions don't have easy answers (answers vary by the type of membership and a lot of other case-by-case situations). That way if the wrong information gets communicated, it's a Y issue and it doesn't become a "he said/she said" situation.

As for usage outside of the Wichita Association, there are nationwide changes taking place to traveling membership usage at this time so we can't give formal language right now. The changes should end up more generous than the current system, but it won't be formalized before November. By sending these to the Y, we avoid confusion as much as possible.

Y to provide Maria with flyers for residence hall

**Maria please provide status**

I have not seen any flyers for the residents to date; they can send them to  
attn: Maria Thompson, Fairmount Commons (box #141); if possible, we would  
need them by 8/7/17 at the latest so we can get them in the welcome packets  
for students that go in all of their rooms

### **Re: Y membership check in**

From my most recent conversation with Shelly Conrady, we will not be sending out a news release because it's already been reported that students will have access to Y memberships.

I will:

- write content that will be shared on WSU social media and the student email newsletter starting around Aug. 15. It will explain the memberships and hopefully link to what the SGA says about fees - an effort to clarify the health and wellness fee.
- write and send a media advisory Aug. 21 to alert the media of a photo opportunity at one of the Ys showing staff in Shocker shirts and possibly students there, as well.

Shelly Conrady and I still need to connect on the wording/information for both of the above.

As for the activating memberships question, that isn't anything I'm aware of. It must be meant for someone else.

Tia Hill posted a comment about this message on Basecamp.

### Re: YMCA Events

I met with Shalen Scheltgen, Wellness Director, yesterday morning and confirmed a few upcoming programs.

The Y will host two Sunrise Yoga Sessions on Campus

Sunrise Yoga with the Y!  
Tuesday, August 29  
7 p.m. | RSC East Patio

Sunrise Yoga with the Y!  
Thursday, August 31  
7 p.m. | RSC East Patio

We then discussed the impact of participating in so many programs in the first week, I left her with the thought of "what does your presence on campus look like the remainder of the year?"

Robyn,

No problem – we just wanted to respond to her after it is completed. I would like for the fee schedule to just say “Student Activity Fee” as well; in the line items, there is no issue with mentioning the wellness portion. The issue at hand is that students think that they are paying all of that money just for the Y. Let me know thoughts. Thanks so much for your quick reply on this.

**Subject:** Black Student Union Meeting

Teri and Nancy,

Here were some thoughts that were gathered last night at our meeting. There are also some questions I did not have answers to..

1. Under \$700 and in line with 2909 and 17<sup>th</sup> St apartments is reasonable for new Flats.
2. Can you buy a meal plan and not live on campus?
3. How are vendors approved and put on the list for organizations to be able to use?
4. Where are we at with the food policy?
5. Student Affairs Advisory Board cannot just become a group that minorities just rant and nothing changes from what they say.
6. There needs to be more recruitment efforts for black students and not just target KC Kauffman scholars.

**Subject:** RE: CDC vs. Drop in Daycare  
**Date:** Tuesday, May 2, 2017 8:56:39 AM

---

Paige,

I'm looping in Jillian Hoefer, Director of CDC as well. The drop in childcare that is being proposed with the Y would be for several hours at a time and would not be full day childcare. The CDC's children come daily and have a comprehensive educational program based on their developmental needs. While drop in childcare will be developmentally appropriate, it will not necessarily be educationally focused in nature. The licenses required for full time daycare and drop in or part time child care are different. The drop in childcare would not provide meals and would be used as a solution for need to have a child watched in instances such as for taking a test, going to class when one's regular childcare provider was not available, attending a career fair, working out in the facility, going to a counseling appointment... It would not be a substitute for regular childcare. How fees would work would need to be determined with the Y. Options to be discussed and determined could be a pay as you go fee, purchasing a "punch card"... This is also different from the drop in childcare provided at other Y's where parents can drop off children for short periods of time while they work out in the facility. The type of license required to have parents leave the facility is different.

Jill feel free to add or correct anything I've said.

**Cc:** Hall, Teri <teri.hall@wichita.edu>  
**Subject:** RE: CDC vs. Drop in Daycare

Dr. Mo you stated it perfectly. The key factor is that even with drop in childcare it still has to be licensed by the state as the parents would not be in the immediate facility. That means that it has to be staff appropriately and have certain criteria present. But the whole concept of drop-in child care is a falsity in itself. To be licensed it has to be considered a part-time program-not drop in. The term drop in refers to a place that you can drop-off your child but you are in the immediate building (like working out at the Y). That is not the case of the Y daycare program that is being proposed. Since parents are leaving their child there and leaving the building we need to change our terminology for drop-in to part time daycare. I hope that helps. The CDC is a completely different program as Dr. Mo stated below.

We would LOVE to have you and the other SGA members over for a visit! That way we can answer any other questions and you can see the facility!

---

Hello All,

As a response to this unprecedented, unfounded, and inappropriate request to alter The Sunflower's coverage by the vice president of strategic communications, I would please request such opinion-based complaints be submitted to The Sunflower directly. On our website, [www.thesunflower.com](http://www.thesunflower.com), under the heading "Letters to the Editor." We accept perspectives from across the university community, and our readers would love to hear your voice.

Please find attached a full printout of the interview The Sunflower's July 17 article was based upon, after being directed to Dr. Teri Hall by other university sources, including Lou Heldman, who did not return my call from July 14 seeking information for the article. I am under no obligation to provide notes, drafts, or transcripts — now, or in the future — nor do I plan to make a habit of it, but I think it's important to provide clarity to this situation when my credibility has been called into question.

Best,

Chance Swaim  
Editor in Chief  
The Sunflower

**Subject:** Concerns about July 17 Sunflower story and request for corrections

To clarify, the Wichita State University Student Publications Board does not and cannot involve itself with content or coverage decisions of The Sunflower. The Sunflower is an independent, student-operated media outlet. The Board supports the First Amendment rights of the students, their duty to be the voice of the student body and a watchdog, and the work the Sunflower journalists do to keep the campus informed of newsworthy items of interest. The role of the Board is not one of adviser or publisher.

Andy,

After my meeting with the cabinet yesterday, we have a few extra questions. Let me know if you want to just talk over the phone about them.

- <!--[if !supportLists]-->1. <!--[endif]-->Why is moving out of Fairmount a good decision when it gets students onto campus when then we have to encourage students to live off campus for low cost options?
- <!--[if !supportLists]-->2. <!--[endif]-->How many First Gen/Low Income students have pell grant status? Will this negatively affect all of those students who are not pell grant status?
- <!--[if !supportLists]-->3. <!--[endif]-->With the switch to the Flats, does that mean people who are community members and not students can live in there still?
- <!--[if !supportLists]-->4. <!--[endif]-->Does paying off the debt on Fairmount free up more capital to build more buildings with bond money? Are Brennen and Wheatshock Apartments' debts being paid off too by the Board of Trustees?
- <!--[if !supportLists]-->5. <!--[endif]-->What are the demographics of Fairmount? Are we pricing out our international student population when next year rolls around and the cost goes to normal?
- <!--[if !supportLists]-->6. <!--[endif]-->Do the Flats residents have the option to take part in the meal plan somewhere? What is the cost there?
- <!--[if !supportLists]-->7. <!--[endif]-->Can they stay in the summertime?
- <!--[if !supportLists]-->8. <!--[endif]-->Have we done any research on who we can make an affiliated off-campus housing partner? (Possibly the apartments by the international student office)
- <!--[if !supportLists]-->9. <!--[endif]-->Can these students go back there in 2018 and not be priced out?

Thanks so much!

**Subject:** Housing Questions/Concerns

Good morning!

I'm sitting here in my pre-session, and one of the students asked me some questions and brought forward concerns about housing. He asked if the Flats residents would be able to use the facilities in Shocker and likewise the Shocker residents could use the Flats stuff. For example, Fairmount residents could use the pool tables in Shocker, and so I wondered if Flats residents could still. Also, can Shocker residents use the pool in the Flats?

Second thing – he mentioned how last year, he knew a few people who ran into issues in the laundry room. There was someone who came in and took out all of the clothes in the machines and stole it all. Would there be any way there could be a security camera installed in these public areas in order to stop this from happening?

Thanks so much for all you do; I look forward to hearing from you!

Hi Paige –

On your first question, yes – the \$171 you see on the slide includes the Y/Health & Wellness facility - \$94.25 and \$77 is related to Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. On your handout from Monday, the latter costs are part of the Student Services Fee (total \$393.41). The numbers in the graph from WSU are quoted based on the headcount model, tier 1 full-time student charges.

Currently, students pay by credit hour for Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. The credit hour charge for those portions of the Student Services budget in the current year is \$6.27 per credit hour or \$94.05 for a 15 hour student. So, going to the headcount model decreases this to \$77.

On the last question, I can assure you that waivers for students aren't going away because of the innovation campus. IF there has been a change on fee waivers, it is not connected to Innovation. I'm going to follow-up with some of my colleagues to see if there has been a change, and will get back with you.

Hi Paige -

That question is better in the court of John Tomblin. I've included him in on the email correspondence.

I think they are forgetting that the roughly \$2 million annually in student fees isn't profit to the Y. It is though helping to cover the Y's operating costs (new student jobs, staff, equipment replacement, etc.), as well as helping to defray the capital investment they are making over-time.

David

David and Teri,

Super helpful. Thanks for this information.

On another note – people are throwing out concerns about how the Y will be making \$2 million in profit off of this. Do we possibly have a breakdown for how they came up with the \$2.5 million operating costs? I sure am excited for tonight to be over. Lol.

Thanks,  
Paige

**Subject:** RE: Number of Students PCH

Hi Paige –

On your first question, yes – the \$171 you see on the slide includes the Y/Health & Wellness facility - \$94.25 and \$77 is related to Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. On your handout from Monday, the latter costs are part of the Student Services Fee (total \$393.41). The numbers in the graph from WSU are quoted based on the headcount model, tier 1 full-time student charges.

Currently, students pay by credit hour for Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. The credit hour charge for those portions of the Student Services budget in the current year is \$6.27 per credit hour or \$94.05 for a 15 hour student. So, going to the headcount model decreases this to \$77.

On the last question, I can assure you that waivers for students aren't going away because of the innovation campus. IF there has been a change on fee waivers, it is not connected to Innovation. I'm going to follow-up with some of my colleagues to see if there has been a change, and will get back with you.

David

**Subject:** RE: Number of Students PCH

Hi Paige –

On your first question, yes – the \$171 you see on the slide includes the Y/Health & Wellness facility - \$94.25 and \$77 is related to Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. On your handout from Monday, the latter costs are part of the Student Services Fee (total \$393.41). The numbers in the graph from WSU are quoted based on the headcount model, tier 1 full-time student charges.

Currently, students pay by credit hour for Student Health, Counseling & Testing, Prevention Services, Sports Clubs, and Heskett center. The credit hour charge for those portions of the Student Services budget in the current year is \$6.27 per credit hour or \$94.05 for a 15 hour student. So, going to the headcount model decreases this to \$77.

On the last question, I can assure you that waivers for students aren't going away because of the innovation campus. IF there has been a change on fee waivers, it is not connected to Innovation. I'm going to follow-up with some of my colleagues to see if there has been a change, and will get back with you.

David

**Subject:** Re: Number of Students PCH

Just so I have it straight, this fee would be with the Y included right? What do we currently pay? The \$171 is the part of the \$664 that is wellness?

Thanks for sending along. It's helpful; I want to be sure I can explain it tonight. One other question - an international students came up yesterday and said he didn't like it, because innovation campus seems to be taking up all the money. He said they used to get fee waivers, but now they don't, and when they asked why, they were told innovation campus. Thoughts?

Again, thank you!

Paige

That sounds reasonable and more secure. It's a similar deal to what we are doing with the downtown boathouse then. Thanks for sharing!

All,

As discussed in our meeting on Wednesday, I am forwarding the list of questions and considerations considering this project. This list was compiled a number of weeks ago and is a joint effort of SHS, CTC and SGA. Thanks for taking a look and also passing it on to those working on agreements. We are very willing and interested in being involved in this process.

Mo,

This list of questions appears to cover the major areas of concern. It may not be relevant at this time but one other question would be parking for the Wellness center. With the Y open to the public, having designated parking for Wellness center clients would be helpful, particularly those who are ill or injured.

I think joint ownership of the building would be a better option as well.

Paige and Camille,

Here is the list of questions and considerations I compiled from meetings with Wellness Services departments and listening to SGA meetings. Please let me know what you would add or edit. When I send our agreed upon list, I plan to request they consider finding a way to have WSU and the Y jointly own the building. I know it makes things more complicated but I think that it makes for dynamics that force true partnership. I don't know that I'll be successful but I'm going to try hard.

I'd like to get this to them tomorrow if possible. I know that's tight for Paige since you haven't seen the list before but I am very aware that the train has already moved out of the station in terms of agreement writing and want to make sure the three of us are on it. Let me know if that's not possible and we will figure out plan B.

Dr. Mo,

A couple things to add - when they mentioned the lease thing yesterday, it made me wonder if they could just end the lease for the wellness center at any given point? I'd really prefer our ownership over it. Another question is what the rates and hours look like for their daycare. In the case that it costs more than \$2.5 million a year, who covers that increase? Tomblin said that the Y said they would pay it, but I'd like that confirmed. Is the Y willing to hire international students?

I think that's all of them. Thanks so much for sending along to me!

Paige & Maureen ,

I am confirming that you have the Regents visit to learn about the Y and Wellness area in the Olive Room, RSC on your calendar for TH. Nov. 16. 3 groups of regents will be coming to learn more about your services starting about 8:30 am – 9:40 am, you will have about 15 min. with each group. Please feel free to invite one or two students to help with your presentation if you would like. I have attached the schedule for your reference.

Thank you,

Susan

Paige,

My understanding is that cameras are not planned for the underground garage at the Flats. The garage itself, however, does have access control at the entrance/exit doors. An authorized WSUID is needed to open the garage door to enter the garage.

**Subject:** The Flats Garage

Good afternoon, Emily!

A couple weeks back during our lunch with UPD, they mentioned the parking garage underground at the Flats and how there were no plans to put in security cameras. During our cabinet meeting yesterday, we talked about how it is a private entity, but I was unsure if there were any plans to put in cameras or if we have no say in what happens? We are really concerned about what may happen, as it is underground, and we want to ensure our students' safety on campus.

Emily,

Okay – thank you. Do you know the reasoning behind no cameras being installed? I have heard from many students who are worried about this.

Thanks,  
Paige

---

I think it is important to mention that it was the initial conversation that we had about the Wellness/Y fee led us to examine how fees are assessed on campus. The current model by credit hour means that those carrying the credits pay the most in fees and is based on a false assumption that those who take fewer credits have less of a demand for programs and services.

Because of those discussions, a model that assesses fees based on a tiered-headcount model more equitably distributes fees across students.

Lyston and Paige,

I just left Paige a voicemail about this. Would you two be able to attend this meeting? And if not, who would you recommend both from SGA as well as to represent Student Involvement? If you'd like to bring additional people from SGA, just let me know. Any other groups or offices that you'd recommend?

Mo

**Subject:** Re: WSU/YMCA communications plan

Thanks, Mo. Folks from the Y, or at least VP Shelly Conrady, will be calling in to my office at 2 pm Friday, 201B Morrison Hall.

I'd appreciate if you'd talk to Paige. It would be great if she's able to attend, but she's also welcome to send a designee.

Shelly Conrady has some specific interests in marketing through Welcomefest and residence hall activities; if that spurs you to add folks to the meeting, that's fine.

Besides me, Amy Easum and Lainie Mazzullo will be here from StratComm.

Thanks,  
Lou

Libby,

Thanks so much for looking into it. Yes - that's right; you'll be paying less with this new model. You'll also be saving in student fees under the headcount method.

You'll be able to use any Y facility with your membership, and it will also be active all year around. From what I understand, the fall fee pays for a membership August 1-January 31; the spring fee pays for a membership February 1-July 31.

Please let me know if I can provide any additional information. I hope this all makes sense!

Thanks again,  
Paige E. Hungate

On Thu, May 4, 2017 at 12:25 AM -0500, "Heflin, Libby" <[ldheflin@shockers.wichita.edu](mailto:ldheflin@shockers.wichita.edu)> wrote:

Hello,

I saw that you passed the YMCA tonight at the SGA Meeting. I looked at it and at first wasn't happy but, it does look like in this revised plan that it will be cheaper for me in the long run. I am currently a YMCA member and pay \$15.08 per month (with the lowest pay rate possible). I figured out that in your plan I will only pay \$15 per semester if that's what I understand when taking 12 credit hours.

My concern with this is.....If I want to use any of the YMCAs in the Wichita and surrounding areas, will it be covered on the plan? Or will I only be able to use the on campus one? Second of all, I like to use the Y year round, if I wanted to use the facility during the summer, but not take any classes....will I have to pay everytime I go or will there be some sliding fee or something like that?

I know you are probably bombarded by questions but, I wanted to voice my concerns and would love to meet if that would be easier for you. I would love to hear more about your opinion on this topic and more that will come up in the future. Feel free to give me a call or send a message through here or to my phone (██████████).

Thank you for your time and service as Student Body President.

Sincerely,

Libby Heflin

Hello At-Large Senators!

My name is Taben Azad and am a student at Wichita State. I am emailing you all in regards to tonight's vote for the YMCA proposal. I unfortunately do not support the YMCA and wellness fee as a whole. Attached below are a few items that I would like for you to consider when voting tonight. As a constituent, it isn't my job to tell you how to vote, but to ask that you consider my opinion when casting your vote.

### **University of Washington Tacoma:**

1. Students supported a \$180 fee for the creation of a University Y AND a Student Center to house their Student Involvement, Student Activities Board, and their SGA. This is all housed under the single constructed building. The narrative has been that the students supported just the YMCA, but actually it was their version of a YMCA and their version of an RSC.
2. Tacoma's student population of 4,987 also supported the YMCA component because they did not have a full operating campus recreation facility (unlike WSU's Heskett Center).
3. This proposal began in 2008 and took years of student engagement and discussion till it's opening in 2015. Wichita State is asking students to consider this proposal in the matter of weeks.

### **Recent SGA Statement:**

The recent press release from SGA ignores the following:

1. No jobs lost: This comes AFTER the fact that Eric Maki was removed from the University. Let's stop using the University's "resignation" as the verbiage and call it what it is as we all know that the "direction of the University" is forcing out true student advocates such as Eric out of campus when they speak the truth.
2. Services that the Heskett provide will no longer be necessary which ultimately means that there will be a reduction in jobs inevitably in addition to a decrease in operating hours for the Heskett (being open in the morning, close in the afternoon, and then opening back up in the evening).
3. There were more concerns about prefacing Innovation Campus over Main Campus and not giving more priority to aging buildings on campus (Fine Arts, Health Professions, and etc). When will this be addressed?

### **Student Fee Breakdown:**

This is the most important part. How the student fees are not going to the operating costs, but are profit for the YMCA itself:

1. The total amount of money that student fees are being gathered for is \$2.325 million per year.
2. The operating cost for a 45,000 square foot facility is around \$300,000 per year.
3. That means that nearly 13% of your student fee for the YMCA is actually going to operating expenditures, the other 87% of this is profit for the YMCA. For 50 years, out of the \$116.25 million in student fees generated, nearly \$100 million is profit for the YMCA. Essentially, we're paying the YMCA \$2 million a year.
4. This student fee doesn't cover the additional expense to use childcare services at the YMCA.
5. Keep in mind that Dr. Hall wishes to see SGA have less of an influence on student fees coming into this next year so that students have less power on controlling the fees that they pay themselves. This will be important to know moving into the summer when Dr. Hall, Provost Vizzini, and Wichita State University President John Bardo consider changes to SGA.

### **Kansas Board of Regents (KBOR):**

It was stated on March 8th, 2017 that without Senate support, the University would not be moving forward with a YMCA or Wellness Center. Dr. Tomblin stated:

"If you do not want it, then I'll mark it off the master plan and we will move on, so absolutely, if you do not want it, then I say we move on."

Dr. Hall a week later, after realizing that students were not in favor of this proposal, quoted the following: "The SGA vote..is more of a recommendation to university president John Bardo than a mandate. The president assembles the annual budget, including proposed fees."

What students don't realize is that although Student Government Association of Wichita State is not a mandate, it will hold a substantial influence at the upcoming KBOR meeting in a few weeks which will ultimately approve or deny the University's request to garner student fees for this building. The Regents will ask President Bardo on whether or not students have been involved in the process, which is why SGA has been used as a checkmark by the PET so many times in years past.

If Dr. Hall is devaluing SGA power, why is this being brought up again if an SGA vote holds

no weight? If Dr. Tomblin truly meant what he said back in March, why wait until the 59th Session was out and there was a new administration in support of the proposal? Please feel free to email me with any questions that you might have. Thank you again for your service to the Association!

Hi Andrew,  
This is Daniel with the Eagle. Hope you had a good semester  
Did you happen to have the letter from the student body president re: the YMCA vote on Wednesday? I'd like a copy of that and the YMCA resolution before SGA tomorrow. If possible, a copy of the original SGA resolution on the YMCA back in March would help too. And when and where is the meeting?  
Thanks,  
DJS

Paige & Maureen ,

I am confirming that you have the Regents visit to learn about the Y and Wellness area in the Olive Room, RSC on your calendar for TH. Nov. 16. 3 groups of regents will be coming to learn more about your services starting about 8:30 am – 9:40 am, you will have about 15 min. with each group. Please feel free to invite one or two students to help with your presentation if you would like. I have attached the schedule for your reference.

Thank you,

Susan

**To:** [Patterson, Emily](#)  
**Subject:** The Flats Garage  
**Date:** Thursday, August 3, 2017 2:25:00 PM

---

Good afternoon, Emily!

A couple weeks back during our lunch with UPD, they mentioned the parking garage underground at the Flats and how there were no plans to put in security cameras. During our cabinet meeting yesterday, we talked about how it is a private entity, but I was unsure if there were any plans to put in cameras or if we have no say in what happens? We are really concerned about what may happen, as it is underground, and we want to ensure our students' safety on campus.

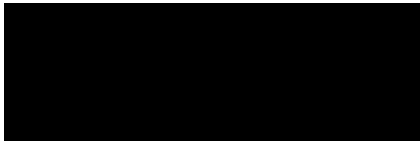

Ad Astra Per Aspera,

Good afternoon!

Hope you've been doing well since I saw you last! I have reached out to multiple people regarding a concern that students have with the underground garage at the Flats. To my understanding and others, there will not be any cameras in the garage. This is worrisome, as people are concerned that things may happen (especially with it underground), and there will be nothing to do about it. Do you know of a way we could go about talking to the developers about putting one in? What are your thoughts? Have a great weekend!

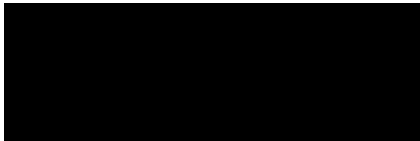

Ad Astra Per Aspera,

Paige E. Hungate

Good afternoon!

Student Government members are interested in taking a tour of the Flats before school starts just to know what it being offered and what they are like. Our advisor mentioned that you would be the best point of contact for that. I look forward to hearing from you and to touring our new facility! Have a great weekend.

**Subject:** YMCA News Release  
**Date:** Monday, August 7, 2017 3:12:16 PM

---

Good afternoon!

I recently saw the update in Basecamp regarding the marketing strategies for the YMCA and the decision to not move forward with a news release. Although I can understand the reasoning behind that, I really see it as beneficial to have a news release with specifics on how it is all going to work. I have had multiple students contact me asking how and when it will start running, and I think that a specific news release would help with that. Putting it in the Shocker Blast is great, but many students do not read that unfortunately. If it would come through as a specific email about the Y, more people would be apt to use it. I just wanted to make my thoughts known, as I think the more details and transparent we can be about the process, the better.

The plan is still on for us putting out a graphic next Wednesday on student fees and where the money is allocated. We are happy to help in any way additional to that! Thanks so much for all you do, and please let me know of any questions you may have.
