Subject: Follow-up question
Date: Monday, June 19, 2017 9:20:54 PM

I thought I'd send this question just to the two of you for your feedback....

In the Fairmount Towers to Flats model that we reviewed today, I used The Flats rates for the 38 students who've already paid their deposit and signed the lease. But, if we take "all" of the The Flats as "dorm space" then can we charge them a room rate that hasn't been approved by KBOR? And if not, how do we determine the rate TO charge them?

Any thoughts/ideas you have would be appreciated!

Lois

Rick & Lois,

Yes. I agree. If online is paying the fee (which is based on the Y criteria), then the student should be eligible for tickets (whether or not they are on campus is of no matter).

Subject: Housing Efficiencies

Hello esteemed colleagues,

As we make this transition to The Flats from Fairmount Towers, we have been working to find as many housing efficiencies as possible to ensure we are operating at an optimal level. Attached is a spreadsheet of items that we have undertaken for this upcoming year. One (cable) was noted as a savings of zero because our actual saving was realized in the year we just finished up, but I was hoping we could examine again if anyone has some great ideas for removing the rest of the cost. On each item, I listed the initiative taken, an explanation, whether it was done before The Flats decision (items we would have done anyway) or after The Flats decision (items we did because of our transition to The Flats), and the net effect to the bottom line. All but one, the custodial support of dining services, will for sure be implemented by September 1 of this year for a total savings of nearly \$380,000.

The reason I reach out to all of today is to see if any of you have any ideas of things you have thought of, seen at other schools, or just random suggestions you would have for me to consider as

we move forward.

I am committed to making this transition to The Flats be successful both for our students and our bottom line. I want to make sure I involve as many minds as possible to aid in this endeavor.

There are two open positions that we still seeking to fill.

One is a ½ time position we had posted to help with administrative functions at The Flats when we were going to be running both The Flats and Fairmount Towers. Now that we are moving our operations over to The Flats, the position is not necessary, but would be extremely helpful (certainly in the first year).

The other is our Associate Director for Residence Life. This position is our key link to many of our campus partners, supervises the full time and part time live in staff in the buildings, coordinates our emergency response, and serves as our main contact to ensure the welfare of our students of concern. This position I view as mission critical.

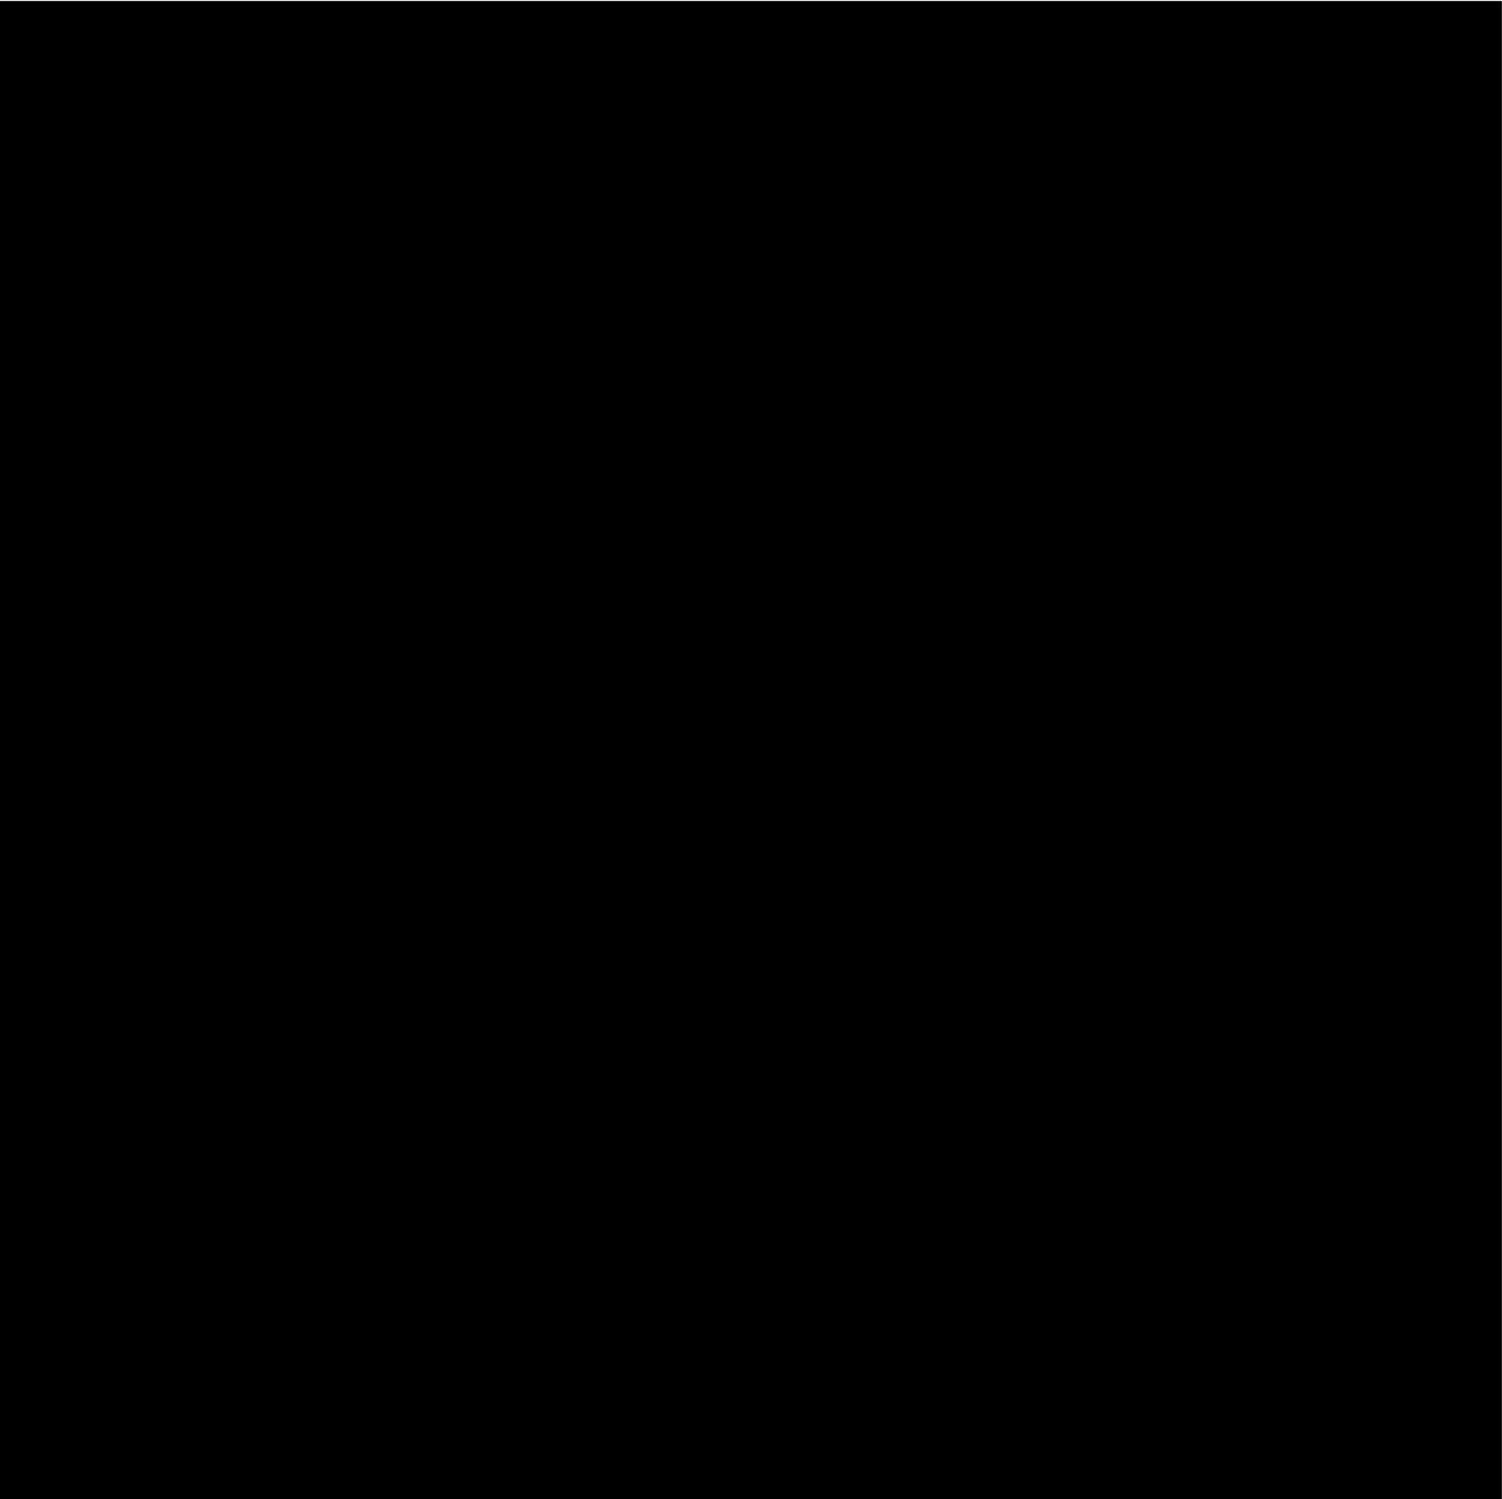

I do not want to move forward on filling these positions without a gauge from you as to the sustainability of our currently planned staffing pattern (the ½ position search is completed with a candidate selected, but not yet offered/hired. The AD position search is at the campus interview stage in the process).

I appreciate any feedback on this and welcome any suggestions on how we can make all of this work for everyone.

Subject: RE: URGENT: Housing lease Wichita State

I must not be understanding. I attended June's board meeting and the master plan discussion did not mention that the university would be leasing the Flats. The Flats was to be run as a private complex available to students. 48 students signed up, and now the university (with a month until move in day) has entered a lease agreement I assume takes all risk off the private business and shifts it onto the university (therefore the students and the taxpayer). That's clearly a significant change the governing body, I would think, would want to know about and have a say in, since it's clear all other aspects of

this plan was approved prior.

I still see nothing in any material provided that allows this action/agreement without board approval. Is this something the board plans to discuss? Is it important?

As far as financial aid is concerned, there are specific rules that allow increased awards for university housing the students would not have been able to apply to a private complex. That was the explanation provided by the University, I didn't just make it up to imply anything. Interestingly, as an aside, there are even certain classes that are unavailable to students to apply financial aid to.

I appreciate your response. There are still many unanswered questions to which the public deserves answers.

Best,

On Jul 18, 2017 11:03 AM, "Richardson, Breeze" <brichardson@ksbor.org> wrote:

Dear Chance,

It's not clear to me what you're trying to imply, but when the Board of Regents granted Wichita State University authorization to lease property to WSIA for the purpose of constructing apartments in June 2016 there was clear communication regarding the housing plan now in place. That plan was further discussed during the approval of WSU's Campus Master Plan.

Regarding the use of federal financial aid by students, there is no limitation that I am aware of which prohibits how these funds are spent. Students routinely rent private housing off-campus and use federal financial aid funds to pay for it.

If you haven't already, it might be useful to take a look at the Board's Policy Manual in regards to what responsibilities the Chief Executive Officer (in the case of WSU, the President) has been given; the Board governs the university, but has delegated day-to-day operations –

Subject: WSU Raises Request

Greetings Jenna –

Per your request earlier in the week, please find attached a table outlining base salary increases that have occurred this year (fiscal year 2018). As you review the attached information, I think it's important to outline that compensation increases for the listed employees over the past three months may have occurred for a variety of reasons that include:

- the state legislature's adopted 2.5% increase, effective in fiscal year 2018, for all benefits eligible employees who've worked for the state for less than five years
- a promotion to a different position
- a change in the position's responsibilities
- a change from a part-time to a full-time position

This information was assembled by our University Budget Director, David Miller, if you have any questions regarding the data please contact him at david.miller@wichita.edu

Best regards,

Werner M. Golling

Vice President for Finance and Administration

Subject: RE: Fairmount info

For what it's worth, I think there has been a fair amount of questions asked about this. I was helping with visitors up front in the Welcome Center this afternoon and we had multiple parents/students coming in to raise concerns about this. One parent who I was helping repeatedly referred to this being the second big complaint she has because she wasn't supportive of paying for a new Y on campus through student fees given that her family already has a membership at the Y, so the fact that her son was getting switched from Fairmount to The Flats was now another big issue/change she wasn't happy about. So she laid in to me and then the housing staff who were in the Welcome Center to host tours of The Flats about the frustrations of the Y and this change with The Flats. We've also had multiple students message our social media accounts directly to ask whom they can talk to about this decision; the core of those complaints have been from Shocker Hall residents who want to know why they couldn't be considered to move to The Flats instead of Fairmount residents.

Subject: Visit to Faculty Senate

Dear John,

We are looking forward to your visit to the faculty senate next Monday Sept 25.

With the other items on the agenda, I would anticipate that you would be up on the agenda from 4:30 –5:00. I have asked faculty to submit questions that they would like for you to address and wanted to provide you with the following list:

- How does enrollment look and what impact will this have on faculty pay raises?
- What is the latest on the YMCA initiative?
- What are all of the new buildings on Innovation campus? Is Engineering going to be renting some of the space in the new building near Airbus?
- Can you explain the bailout of the private investors for the low occupancy of the Flats? Will those apartments continue to house students at a discounted rate in the future? If not, do we have a lower cost option for students on campus?
- How are relations with SGA this year?
- What are we doing to invest in infrastructure on the main campus? (aging technology and other issues)

I know some of these issues are delegated to others, so I wanted to give you a heads up in case you needed to gather in some additional information before the meeting.

Have a good week! (Perhaps I'll see you in Topeka!)

Carolyn

Dr. Carolyn Shaw
Professor and Chair
Faculty Senate President

Subject: RE: Faculty Questions
Date: Sunday, September 17, 2017 10:11:15 PM

For what it's worth, the rates showing for Wichita State were what had been Shocker Hall rates. If Fairmount Towers rates had been included, those rates would have been cheaper than KSU and KU (though Fairmount is closed now, the Fairmount rates are what most residents are paying at Flats now). I haven't heard the latest on rate plans for The Flats next year but it could be that a shared room within Flats will still have a cheaper rate than KU/KSU counterparts.

On Nov 4, 2017, at 3:36 PM, Tatro, Lois <Lois.Tatro@wichita.edu> wrote:

No, not really. The payment is based on the Y criteria anyway, so technically I think you're already paying.

This is really just a hold over from when they first started providing the free tickets, and there was discussions on exactly which student should get them. At that point in time the decision was that since they were not paying the on-campus rates, because they're taking online classes, that they probably didn't have a need for the tickets anyway. A lot has changed since then.

Honestly, I think the past couple of years they've had trouble giving all of the tickets away so to me, it's better to shore up the policy and treat all of the eligibility situations the same. But that's just my view.

Rick & Lois,

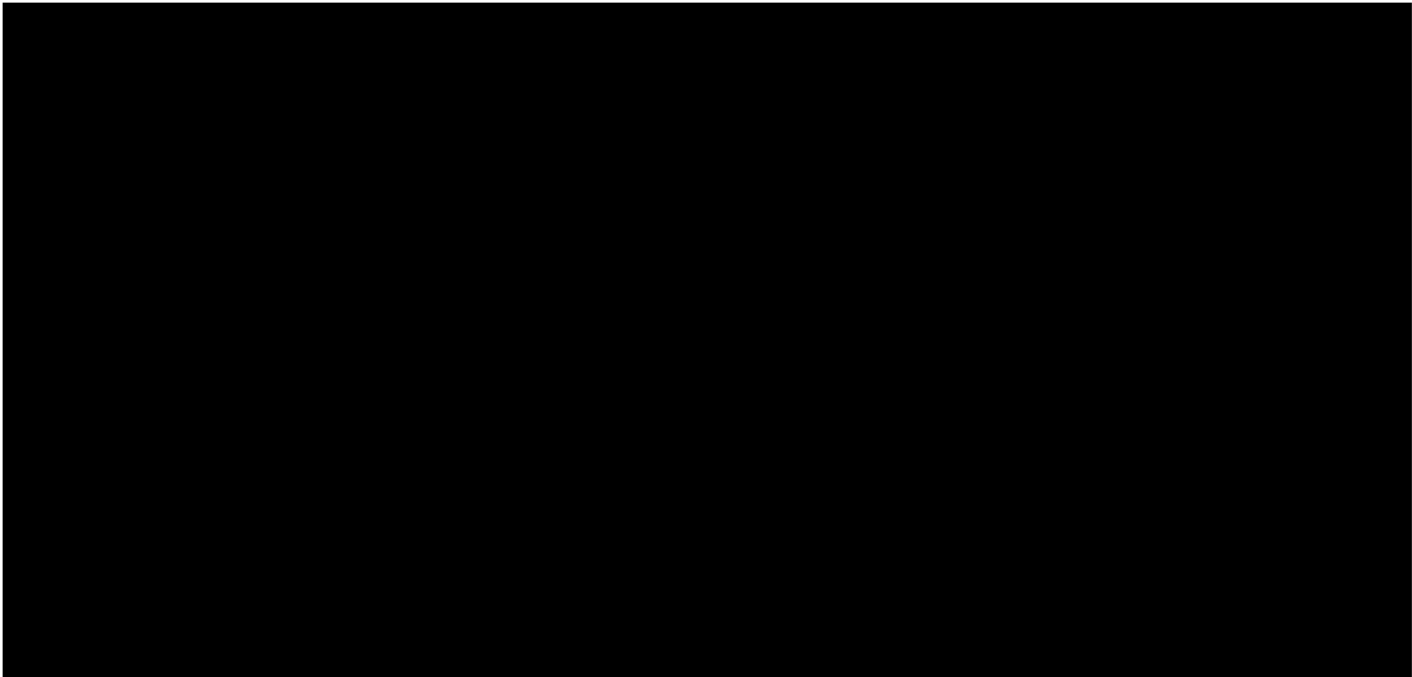

Yes. I agree. If online is paying the fee (which is based on the Y criteria), then the student should be eligible for tickets (whether or not they are on campus is of no matter).

Dear Chance,

It's not clear to me what you're trying to imply, but when the Board of Regents granted Wichita State University authorization to lease property to WSIA for the purpose of constructing apartments in June 2016 there was clear communication regarding the housing plan now in place. That plan was further discussed during the approval of WSU's Campus Master Plan.

Regarding the use of federal financial aid by students, there is no limitation that I am aware of which prohibits how these funds are spent. Students routinely rent private housing off-campus and use federal financial aid funds to pay for it.

If you haven't already, it might be useful to take a look at the Board's Policy Manual in regards to what responsibilities the Chief Executive Officer (in the case of WSU, the President) has been given; the Board governs the university, but has delegated day-to-day operations –

https://kansasregents.org/about/policies-by-laws-missions/board_policy_manual_2/chapter_ii_governance_state_universities_2/chapter_ii_full_text#adorg

That's not the agreement which I have just been notified of, wherein the university is leasing the building from the private company – which is a much different situation than allowing a private apartment complex to be built on campus or to allow university housing to operate the building or to allow the university to enter a lease agreement that directs federal financial aid money to a private company. This has not been proposed, as far as I can tell, to the board for approval, unless you're aware of something more recent.

On Mon, Jul 17, 2017 at 4:59 PM, Richardson, Breeze <brichardson@ksbor.org> wrote:

Dear Chance,

The authorization provided by the Board in June 2016 to lease property as outlined was the authorization needed to proceed with this project. The Flats were also included in the Campus Master Plan approved by the Board last month, which is further approval of the project.

I believe Renee Burlingham provided you with a copy of the WSU Master Plan as it relates to this issue and copies of both the agenda and minutes from this meeting, but they are also available on our website.

Of course, let me know if I can provide any additional information.

Best,

Breeze

Dear Chance,

It's not clear to me what you're trying to imply, but when the Board of Regents granted Wichita State University authorization to lease property to WSIA for the purpose of constructing apartments in June 2016 there was clear communication regarding the housing plan now in place. That plan was further discussed during the approval of WSU's Campus Master Plan.

Regarding the use of federal financial aid by students, there is no limitation that I am aware of which prohibits how these funds are spent. Students routinely rent private housing off-campus and use federal financial aid funds to pay for it.

If you haven't already, it might be useful to take a look at the Board's Policy Manual in regards to what responsibilities the Chief Executive Officer (in the case of WSU, the President) has been given; the Board governs the university, but has delegated day-to-day operations –

Subject: RE: URGENT: Housing lease Wichita State

I must not be understanding. I attended June's board meeting and the master plan discussion did not mention that the university would be leasing the Flats. The Flats was to be run as a private complex available to students. 48 students signed up, and now the university (with a month until move in day) has entered a lease agreement I assume takes all risk off the private business and shifts it onto the university (therefore the students and the taxpayer). That's clearly a significant change the governing body, I would think, would want to know about and have a say in, since it's clear all other aspects of

this plan was approved prior.

I still see nothing in any material provided that allows this action/agreement without board approval. Is this something the board plans to discuss? Is it important?

As far as financial aid is concerned, there are specific rules that allow increased awards for university housing the students would not have been able to apply to a private complex. That was the explanation provided by the University, I didn't just make it up to imply anything. Interestingly, as an aside, there are even certain classes that are unavailable to students to apply financial aid to.

I appreciate your response. There are still many unanswered questions to which the public deserves answers.

Happy Saturday.

Dear

1st I apologize

2nd-

<http://www.kansasregents.org/resources/PDF/TableslandII-TuitionProposals-REVISED.pdf>

For undergraduate students, our tuition and fees total went up \$98.05 for a full-time student. For graduate students to total increase was \$358.24. The change reflected not just the Y but shifts in how fees are assessed to encourage students to take more hours since fees per credit hour get "discounted" above certain enrollments. That is, we moved from a per credit hour fee to a block of fees that shift by number of credit hours. Total percentage tuition and fee increase for a full-time undergraduate was 2.5%--the lowest in the system.

3. I ask for them to make an appt.

For undergraduate students, our tuition and fees total went up \$98.05 for a full-time student. For graduate students to total increase was \$358.24. The change reflected not just the Y but shifts in how fees are assessed to encourage students to take more hours since fees per credit hour get "discounted" above certain enrollments. That is, we moved from a per credit hour fee to a block of fees that shift by number of credit hours. Total percentage tuition and fee increase for a full-time undergraduate was 2.5%--the lowest in the system.

3. I ask for them to make an appt.

Hope this help. More letter to come. Make 1 draft

Peace

Hi Tony,

I would like you to consider changing the following language:

Thanks to your email, I have learned that the fee may have been **incorrectly itemized** on your account (and others) as a "wellness student activity fee." This was in error and has been corrected. It should have been itemized as the "student activity fee" as it covers all aspects associated with student life. I can understand how the \$658 dollar fee would look like an additional fee when it was replacing the per credit hour fee. I am sorry about the effect this communication may have had on you. We are looking into how we can be clearer in the account statement.

Perhaps I'm reading this wrong, but the fee was not "incorrectly itemized". But rather, you are referring to the "name" of the fee, which was changed to be MORE generic and less specific than what was approved in the comprehensive schedule.

WICHITA STATE UNIVERSITY
Fiscal Year 2018
COMPREHENSIVE FEE SCHEDULE

Wellness/Student Services/Athletics Semester Fee

	Fall/Spring ¹	Summer ²
Undergraduate³		
9.00 or more credit hours	\$658.00	\$329.00
6.00 to 8.75 credit hours	\$439.00	\$219.50
up to 5.75 credit hours	\$220.00	\$110.00
Graduate³		
7.00 or more credit hours	\$658.00	\$329.00
4.00 to 6.75 credit hours	\$439.00	\$219.50
up to 3.75 credit hours	\$220.00	\$110.00

Is there any reason to even mention that the "name" of the fee was changed? I believe this is an intelligent student who is upset about "ANY" fee change in support of the Y, no matter what we call it. It seems disingenuous to omit the fact that the Y membership IS part of WSU's overall wellness strategy for our students – just as is our support for Student Health, the Heskett Center, etc.

Wouldn't it be better to explain ALL of the components of this fee, and WSU's commitment to the health and well-being of our students?

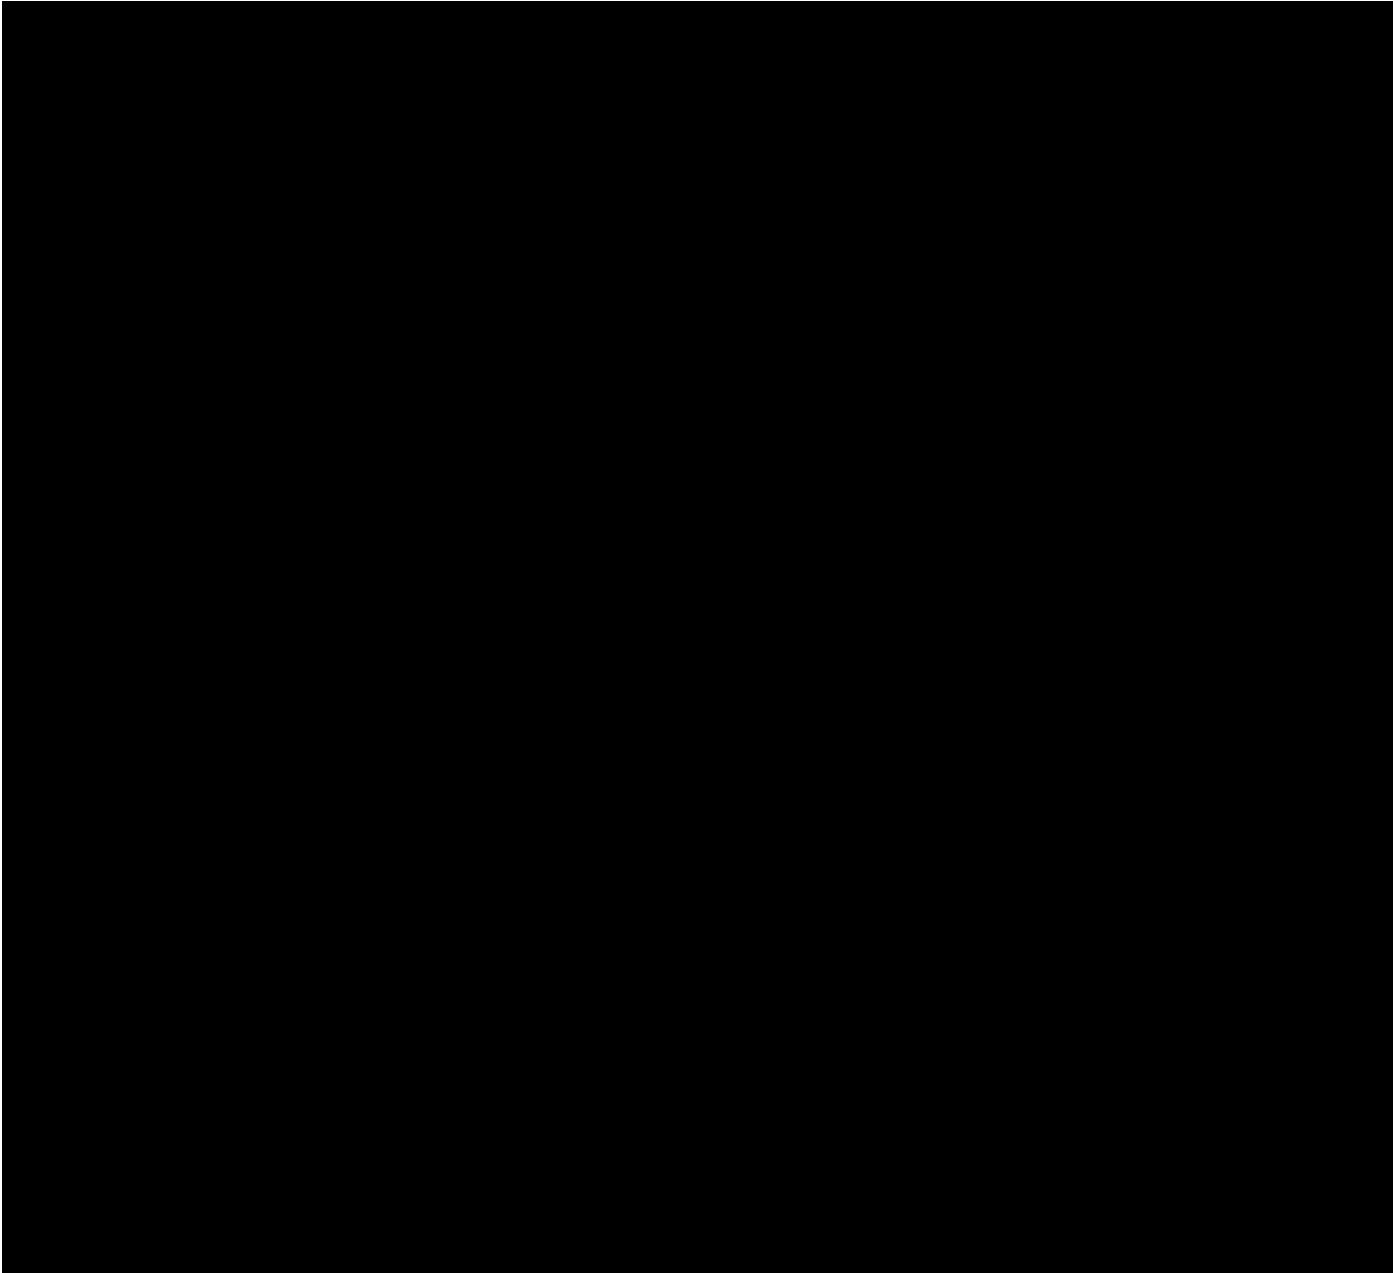

I would offer the following alternate language:

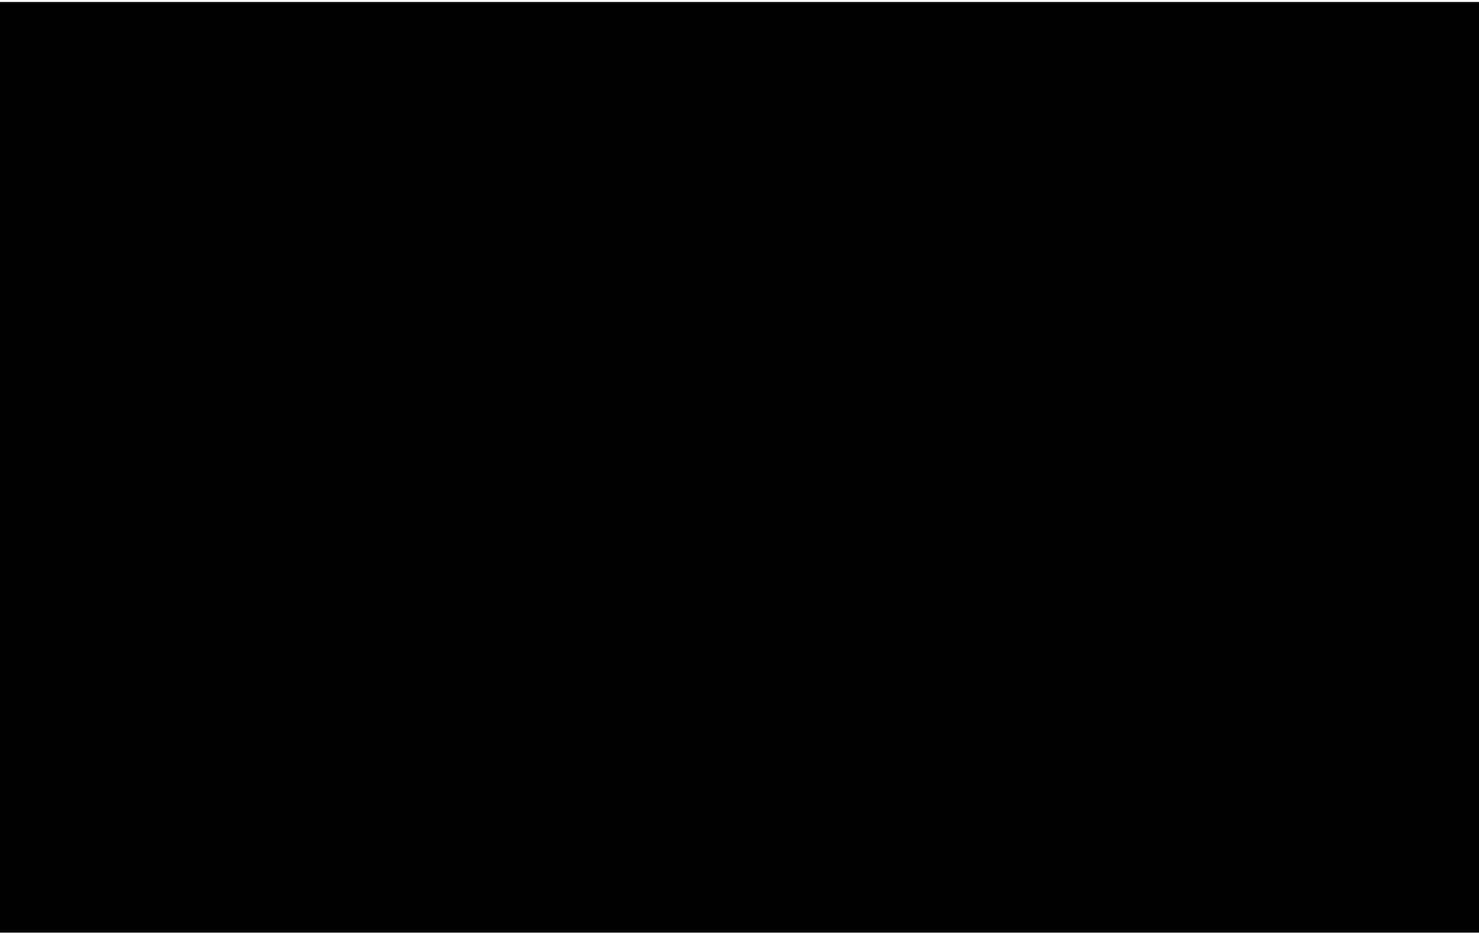

I can understand how the \$658 dollar fee would look like an additional fee when it was replacing the per credit hour fee. I am sorry about the effect this communication may have had on you. We are looking into how we can be clearer in the account statement. To clarify, the “student activity fee” covers all aspects associated with student life, including but not limited to – access to the Student Health Center, Heskett Center, Student Activities, Athletic Activities, Wellness Services and starting this fall, a membership to the YMCA.

I did ask for a breakdown of the fees you have paid in the past.....

Thank-you for the opportunity to provide input and I hope you find this helpful.

Lois

Subject: WSU change to fee structure

Randy,

I wanted to do some follow up after the USS meeting last week as regards fee changes and their impact on our employees who are also students. Here is the clarification I believe is needed after listening to the discussion and doing a bit of follow up:

- The student activity fee is waived for faculty staff taking **less than 12 credit hours**. If they are considered 'full time' student (12+ hours) it is not waived.
- The "online" course fee (known as the Off Campus Course Fee) is not tiered, is not waived (regardless of the total credit hours), and is often confused with the "student activity fee".
- If the Student Activity Fee is waived and they do not pay any Off Campus Course Fees (which also allows access to the Y), then the student will not have Y access.

Please let me know if there are any other questions/issues we can assist with.

Thanks for all you do!

Colleagues:

I am writing to you in advance of campus-wide communication that will go out in the next couple of weeks to announce that WSU has entered into a corporate membership with the Y. Details regarding how to sign up/transfer current participation will be sent at that time. The enrollment and communication will be incorporated into the annual benefit enrollment period which begins Oct. 1st and ends Oct. 31st. The effective date of the agreement is Nov. 1.

High level information:

- <!--[if !supportLists]-->• <!--[endif]-->Employer cost - \$12.50 per employee enrolled per month – billed by the Y
- <!--[if !supportLists]-->• <!--[endif]-->Employee cost - \$16.87/adult \$29.07/family – per month – individual bank draft
- <!--[if !supportLists]-->• <!--[endif]-->Membership is month to month
- <!--[if !supportLists]-->• <!--[endif]-->Members can use ANY Y – anywhere
- <!--[if !supportLists]-->• <!--[endif]-->Current members with individual membership can transfer membership to WSU to get the lower rates
- <!--[if !supportLists]-->• <!--[endif]-->Member relationship is direct with the Y – they handle enrollment and obtaining banking information

This agreement has been extended to the affiliates of WSU. At this time, Athletics will be offering to their employees. The RSC, Alumni and Foundation are discerning. They can join at any time with 30 days notification.

Please let us know if you have any questions and feel free to cascade this information to those in your division.

Hello Wichita State Innovation Alliance Board Members,

I'm writing a story about conflicts of interest and Innovation Campus, especially with regards to the developer MWCB LLC and WSIA. I would appreciate it very much if you would contact me today or tomorrow to discuss these matters and offer a response.

Due to the nature of some of the information I would like to discuss, I think it deserves a conversation that would be best held in person or over-the-phone, with email as a last resort. This story will print soon.

If you would like more information, or prefer to respond by email rather than in person or on the phone, respond.

I will be away from the office this evening, but if you would like to call my office phone, the number is listed below in my signature and I will contact you first thing in the morning tomorrow.

Thank you,

Chance Swaim
